SWNC SUBCOMMITTEE SPECIAL STUDIES AND
EVALUATIONSNote by the Chairman

1. The enclosure represents a further study by the Subcommittee of the background facts of this subject, supplementing the presentation by the ad hoc committee in SWNCC 304/1 and 304/2. Upon careful analysis of all aspects of the subject, it was deemed necessary to penetrate more deeply into the probabilities disclosed within the frame of reference before entering into the factual studies essential to an effective carrying out of the Subcommittee's responsibility.

2. The State-War-Navy Coordinating Committee is asked to note the indication in the enclosure that the Subcommittee intends to prepare special studies on these subjects:

a. How to set up the contemplated organization in the probable brief period that may be allowed between any foreknowledge of its immediate requirement and actual war;

b. "Black" propaganda;

c. To what extent personnel of the proposed Psychological Warfare Organization should be integrally a part of the military establishment.
